

CDS RESEARCH CENTER DYNAMIC SYSTEMS SYSTEMS ENGINEERING

Promoting young academics

The training of **students and doctoral candidates** is part of the CDS's promotion of young scientists. Various **study programs** at Otto von Guericke University Magdeburg and **offers for doctoral students** at the Max Planck Institute Magdeburg and Otto von Guericke University provide for a targeted education of young scientists.

Study Programs

The study programs Biosystems Engineering, Systems Engineering and Technical Cybernetics, Energy and Process Engineering and Sustainable Process and Environmental Engineering are part of a development strategy for young talents by the CDS.
